SWEETS & CAKES CATALOG

## Patisserie Concept

A patisserie in Fushimi-Momoyama, Kyoto, offering baked sweets such as financiers and madeleines; fresh pastries such as seasonal shortcakes and cream puffs; ice cream; and drinks including coffee and caffè latte made with carefully selected top-grade beans, and Japanese black tea grown in Japan.
Guided by the wish "to deliver delicious food that places no burden on the body, even when eaten every day," we make our sweets with careful attention to ingredients and producers, relying on additives as little as possible. Every item on the menu is carefully handmade one by one in our shop, so please enjoy them with peace of mind.
At the café counter in the shop, you can also enjoy carefully selected coffee and Japanese black tea, along with seasonal desserts and drinks.
