A shortcake made with a light, fluffy, moist sponge and plenty of seasonal fruit. We created it so that the sponge, made with honey harvested at an apiary in Fushimi, the gently sweet cream made with kibi sugar (cane sugar), and the fruit, which changes with the seasons, come together in perfect balance. It is a cake you can enjoy anew each time the season changes. We hope it becomes part of your memories of a special day, such as an anniversary or birthday with someone dear to you♪
