Classic New Item

New Cœur Blanc (No-Bake Cheesecake)

680 yen (tax included)

Meaning “white heart” in French, “Cœur Blanc” is a cake with a smooth, melt-in-the-mouth texture, with a homemade framboise (raspberry) sauce hidden inside white no-bake cheesecake. Made without eggs or animal-derived gelatin, it draws on the richness of cheese and dairy products for a smoothness that slowly melts away in the mouth. Multifloral honey from Kyoto’s Higuchi Bee Farm is added as a secret ingredient and layered with the sweet-tart acidity of homemade framboise, giving it a light flavor you will want to enjoy every day.
